

Packit Industrial Packaging presence extends across the globe – meeting your innovative packaging solutions through our cutting edge technology and global network. Our manufacturing facilities are located on major shipping lines in Dubai, China, Malaysia, India, Korea and Indonesia with our head office in Australia. Our facilities produce a wide array of products that are used by leading consumer product manufacturers within the Pharmaceutical & Medical, Food & Beverage, Confectionery & Retail Industries, primarily in the Australasian and Pacific regions.

These vast resources allow us to meet your budget and timeline requirements. In today's global economy and fast paced change environment, Packit Industrial Packaging has the manufacturing network and the market knowledge to deliver real cost-benefits with all the quality and control you expect.
